NOTES

- ✓ Every Tech Diver has to hand-in a complete, valid *Medical Form*, and sign an *Assumption of Risk Agreement*. These documents can be previewed on our website.
- ✓ Every Tech diver has to take a *check dive* prior to any Tech activities, or alternatively participate in recreational dives prior to Tech dives.
- ✓ The dives, locations and profiles will depend on individual diver's experience and level of training. Valid certifications and dive logs have to be produced upon check-in.
- ✓ As by CDWS regulations, the dive centre's Technical Manager has to review and approve every dive plan for Technical Dives!
- ✓ Every Tech diver has to be equipped with a *complete tech-rig* and all necessary safety and signal equipment (e.g. reel(s), spool(s), SMB(s), lift-bag(s), uw-slates, cutting device(s), ...).
- ✓ For safety reasons, *only one decompression dive can be done per day*. Divers are responsible for adequate surface interval times.
- ✓ All stated prices *exclude* 10% Egyptian sales tax.
